

# Denisa - Gabriela Neagu

Web Developer

Hamilton Hill, Perth WA

## Profile

Motivated and adaptable individual with a strong passion for technology and problem-solving. Quick learner who thrives in dynamic environments, works well under pressure and enjoys collaborating in seam settings. Bringing a proactive attitude, strong analytical thinking, and a commitment to delivering high-quality work. While my expertise lies in web development, my skill set extends beyond it, encompassing UX/UI design, database management, and software development.

## Education

### Web Development Bachelor's Degree

Erhvervsakademi SydVest

08/2023 - 01/2025

*Esbjerg, Denmark*

### Computer Science AP Degree

Professionshøjskolen UCN

09/2020 - 01/2023

*Aalborg, Denmark*

## Relevant experience

### Web Developer Intern

Apartament na Górcze

*Remote*

08/2024 - 10/2024

- As a web developer intern, I designed and developed a full-stack web application for a private holiday rental company.
- Some of my main tasks included creating sketches and mockups based on customer requirements, implementing a PostgreSQL database to manage bookings and building both the frontend and backend using React.js, JavaScript, Node.js, and Express.
- This experience has allowed me to strengthen my skills in full-stack development.

### Front End Developer Intern

Swap Language

*Aarhus, Denmark*

09/2022 - 01/2023

- I was mostly responsible for various front-end related tasks, such as working on the custom components that the company uses throughout their platform, or implementing new pages on the platform.
- One of the most important skills that I have gained is being able to implement responsive web pages. I have also learned how to work within a microservices and micro frontends architecture.
